

The Doomtown Future Squad is a Non-Official Fan based project to bring you new storyline, organized play and new cards for the Award winning Doomtown collectable card game!

As of November 1st 2001 we are hard at work on our first set, Ghost Town.

Things are changng in the world of Doomtown and AEG might not want to lead the charge into the future, but we do!

Gomorra is a wasted plot of land on the California coast. Sodom lies in ruin not far away. The battle for Hawthore's Strike has left the town of Ghost Creek in ruin. But there asre still stories to be told. There are still warriors of the west up and walking, whether they are alive is a whole different story.

In a world where death means very little and how good you shoot means everything, there will always be more stories to tell.

It all started with the GenCons of 2001. GenCon & GenCon UK both hosted a "Ride Again" storyline tournament. Then OryCon 23 hosted "Election Day." For more on the outcome of these tournaments: [Click Here](#)
